Dear Sir/Madam.

I am writing to express my strong interest in the Full Stack Software Developer position at The Bulb Africa, as advertised on Indeed. With a track record of delivering high-quality software solutions and a passion for innovation, I am excited to contribute my technical expertise to your dynamic team.

My experience as a Full Stack Software Developer spans several impactful projects, including my recent role at Relish, where I played a key role in developing the API backend for a platform connecting restaurants with end users. I excel in back-end development, with proficiency in PHP, Java, ASP.NET, and Python. Additionally, my front-end skills include HTML5, CSS, SASS, JavaScript, JQuery,

and React-JS, enabling me to create seamless user experiences.

Working in collaborative environments is where I thrive. During my tenure at Pitason & Smartpro, I collaborated with a diverse team to build a school management system, demonstrating my ability to work effectively with cross-functional teams. I am dedicated to deploying and maintaining applications on cloud platforms like Heroku, ensuring scalability and reliability.

My commitment to continuous learning is reflected in my certifications, including JavaScript And PHP Programming, Android App Development With Kotlin, and NIST Cybersecurity: Risk Management Framework (RMF). These certifications, combined with my practical experience, equip me with a well-rounded skill set to tackle complex software challenges.

Furthermore, my education includes a strong foundation with a WASSCE / General Certificate Exam (GCE)

qualification, which underscores my dedication to excellence in academics.

I am excited about the opportunity to contribute my technical prowess, passion for problem-solving, and collaborative spirit to The Bulb Africa. I look forward to the possibility of discussing how my skills align with your team's needs in more detail.

Thank you for considering my application. Please find my resume attached for your reference. I can be reached at +234-906-5988-804 or via email at akpeledavidprogress@gmail.com. I am available for an interview at your earliest convenience.

Sincerely,

David Akpele.
